<sup>&</sup>lt;sup>1</sup> Not elsewhere classified (nec) refers to inadequately described, at sea, and those responses to the Census that were not able to be defined at the classification level, in this instance for language.

<sup>&</sup>lt;sup>2</sup> Not further defined (nfd) refers to codes designed to facilitate processing of data by allowing inadequately described or non-specific responses to the Census to be coded to a broader level of the classification rather than be lost altogether but are not a formal part of a classification.
