1. About the Celebrating Multicultural Queensland (CMQ) Program

The CMQ program provides funding towards multicultural events and projects that engage people from culturally and linguistically diverse (CALD) backgrounds and the wider community, to contribute to building a united, harmonious and inclusive Queensland.

The term CALD generally refers to Queensland's non-Indigenous cultural groups other than the English-speaking Anglo-Saxon majority. This program has a focus on social and economic inclusion for Queenslanders from migrant, refugee and asylum seeker backgrounds, as well as distinct cultural groups such as Australian South Sea Islanders.

Program objectives

The objectives of the CMQ program, in alignment with the Multicultural Queensland Charter (refer to Section 13 of these guidelines), is to provide funding for events and projects that promote:

- Queensland's multicultural identity
- intercultural connections and community participation
- increased understanding between diverse cultural groups
- increased community capacity to address emerging issues and foster access to services
- increased engagement of general community groups in connecting and welcoming people from CALD backgrounds into a wide range of community activities.

Funding rounds in 2021-22

Annual funding of \$2 million is available under the CMQ program with priorities and criteria for multicultural events and projects reviewed each year to ensure alignment with the Queensland Government priorities.

The funding rounds in 2021-22 are:

- **Multicultural Events** – CLOSED (opened from 9 August 2021 to 12 September 2021)
- **Multicultural Projects** – open **Monday 1 November 2021 to 11.59pm, Friday 10 December 2021**.

What is considered a project?

A project is considered as:

- community-based activities to address an identified issue. Activities are conducted over a period of time with key deliverables/milestones and specified anticipated outcomes. For example, training workshops, skills development, capability development.

- Non-government not-for-profit organisations

- partnerships across diverse cultural groups, and/or general community groups such as community associations, sporting groups and service clubs, in the development and delivery of the project.

Due to the high demand for funding, **only one application per category per organisation** can be accepted under this project funding round.

9. How will applications be assessed?

An initial check will be conducted by the department to ensure eligibility of the applicant and the application aligns with the funding requirements.

PLEASE NOTE: If currently funded organisations submitting applications have any **overdue** progress or Acquittal reports or have not contacted the department to discuss alternate arrangements for the submission of an overdue report, they will not be considered for funding.

Eligible applications will be progressed to the Assessment Panel who will assess each application against the following criteria:

- **Addressing the funding objective, priority/ies and criteria**
 - How strongly the proposed project aligns with the funding objective, funding priority and addresses the relevant mandatory criteria.

- **Benefits and delivery of the project**

- **Category 1** – The application is inclusive, based on sound evidence of need, is clear about the outcomes to be achieved, and demonstrates how the project is to be delivered.
- **Category 2** – The application is based on sound evidence of need, clearly demonstrates the engagement of young people in leading and delivering the proposed project, is clear about the outcomes to be achieved, and clearly demonstrates the benefits to young people.

- **Value for money/cost effectiveness**

- The extent to which the project has been costed realistically (justification of budget items), the level of contributions committed by the applicant organisation and/or level of funding obtained from other sources and provides value for money as demonstrated in the project budget.
- If the proposed project has obtained funding from other sources, these funds must be outlined in the proposed budget. This is to prevent any duplication of resources when funding is considered.

During the assessment process, applicants may be asked to submit further details or provide clarification.

The Assessment Panels will recommend funding allocations through a merit-based process, taking into consideration how strongly the application addresses the above criteria, the applicant's capacity to plan and deliver the proposed project, and the geographic spread of available funds across Queensland. Under Category 2, the panel will also note the extent of the engagement of young people in the proposed project.

10. Funding decisions

The process of assessment and decision making may take several months. Funding outcomes for multicultural projects under the CMQ program will be announced by the Minister for Multicultural Affairs. Refer to the website at www.cyjma.qld.gov.au/cm-q-program for relevant information and public notices. All applicants will be notified by email of the outcome of their application.

Due to the high demand for funding, or if funding has been sought for ineligible items, successful applicants may be offered a lower amount of funding than requested. In instances where funding approved is less than the requested amount, negotiation may be required to ensure the project is still viable with the reduced funding.

Please note that funding decisions are final and unsuccessful applications are not able to be reconsidered for funding.
