

## COVID-19 Visitor Information

We are working with Queensland Health to stop the spread of COVID-19 at the youth detention centres.

We want young people, staff and others to be safe.

### We are doing this to stop the spread of COVID-19:

- COVID-19 health checks and vaccinations for young people

- increased cleaning

- increased use of hand sanitisers and masks

- extra staff training

Contact your child's caseworker if you have any concerns.

### Visiting a youth detention centre

The Government has applied new rules for visiting a youth detention centre.

People who are **not** fully vaccinated are **not** allowed to enter to a youth detention centre.

These rules start on **17 December 2021**.

We understand young people still need to connect with their families and friends while in a youth detention centre.

Staff will help you to stay in contact with them.

### Vaccination requirements

2 x

You must be fully vaccinated to enter a youth detention centre.

This means you have had 2 COVID-19 vaccine doses.

You need to show proof to staff you are fully vaccinated.

You can do this by showing:

- a COVID-19 digital certificate
- your immunisation history statement (IHS)
- an International COVID-19 Vaccination Certificate for overseas travel.

Talk to staff for more information.

You can find your vaccination information here:

- Medicare Online via MyGov – [www.my.gov.au](http://www.my.gov.au)
- Express Plus Medicare mobile app
- My Health Record – [www.digitalhealth.gov.au/mhr-proof-of-vaccinations](http://www.digitalhealth.gov.au/mhr-proof-of-vaccinations)

If you are **not** vaccinated, contact the youth detention centre.

If you cannot get the vaccine for medical reasons, contact the youth detention centre. You may need to show proof.

Staff will still help you to talk to the young person.

Visitors under 16 years old do not need to be vaccinated to enter.

### Extra Screening

Even if you are vaccinated, you will **not** be allowed to enter if you have:

- Returned or arrived from overseas in the past 14 days

- been to any COVID-19 hotspots in the past 14 days

- had contact with a confirmed case of COVID-19 in the past 14 days

- a fever or symptoms of COVID-19

- a temperature of over 37.5 degrees (checked before entry).

When you arrive, check in using the Check In QLD app.

**Please contact the youth detention centre if you need more information.**

Stay home if you are sick

Wash your hands regularly

Cover your coughs and sneezes

Keep 1.5 metres away from others

Avoid touching your face

Get tested if you have symptoms
